ORCF Community Grants to Homestead, Florida City and Upper Keys Charities

The Ocean Reef Community Foundation’s annual Community Grants program, which awarded more than $1 million to charities outside Ocean Reef’s gates for the first time in 2017, made grants totaling almost $1.5 million to charities in Homestead, Florida City and the Upper Keys in 2018. The marked increase was made possible by an upsurge in member support for the All Charities effort, which topped the 2017 record by a remarkable $1.5 million and effectively doubled last year’s share of proceeds. The additional amount will fund “big picture” strategic projects for the region, which will be fully reported at a later date. The Foundation’s Community Grants program awards grants to dozens of worthy charities to benefit Education, Youth, Health & Family Services and Community in the areas surrounding Ocean Reef, where its employees live and raise their families, each year following All Charities Auction Weekend.
